

The Amateur High School Bass Anglers (AHSBA) was established by a group of individuals in February 2017 for the purpose of promoting sportsmanship, conservation, life skills, character, citizenship, & teamwork, all while practicing the Golden Rule, through the sport of competitive bass fishing to those students who currently attend high school in the state of Georgia.

We are seeking sponsorships in return for advertising slots on jerseys and weigh-in stage. All funds are deposited in an account used to house scholarship funds throughout the year. We are registered with the Student Bass Federation (Club Number 7001739) and have a registered Tax ID number (82-0987081).

Mission Statement: The primary purpose of the Amateur High School Bass Anglers, a division of the Student Angler Federation, is to promote education through fishing. We encourage proper sportsmanship, integrity, conservation, and work to develop the skills and knowledge needed to be a competitive bass angler. In addition, the club promotes positive contributions to the environment and to the community while providing opportunities for character development and academic accountability. It is the goal of the AHSBA to produce contributing members of society by simultaneously increasing opportunities to engage in quality outdoor recreation and to pursue post-secondary education via our scholarship program.
